From the Presidents of the Conference

The aim of ICIER is to provide an opportunity for academicians and professionals from various educational fields with cross-disciplinary interests to bridge the knowledge gap, promote research esteem and the evolution of educational practices in different contexts. ICIER invites research papers that encompass conceptual analysis, design implementation, performance evaluation and modern, innovative education approaches. As an international refereed conference dedicated to the advancement of the theory and practices in education, ICIER promotes collaborative excellence between academicians and professionals in all sub-fields of education. We aim to make a difference in providing an educational process consisting of sustainable frameworks in education.
